SUMMARY

Healthcare operations professional with experience coordinating clinic operations, patient access, and care coordination across behavioral health settings. Skilled at running intake, scheduling, insurance verification, referral coordination, and the documented workflows that keep a practice running and clients moving toward care. Experienced building SOPs, onboarding, and training programs for growing teams, and analyzing workflows to remove friction and improve access. HIPAA-aware, organized, and focused on making care easier to reach for both providers and clients.

SKILLS

Clinic Operations • Patient Access & Scheduling • Care Coordination • Insurance Verification & Authorizations • Referral Coordination • Intake Workflow Design • Program Coordination • SOP Development & Documentation • Onboarding & Training • Electronic Health Records (EHR) • HIPAA & Confidentiality • Process Improvement (Lean Six Sigma) • Google Workspace

PROFESSIONAL EXPERIENCE

Operations Coordinator | Femme & Them, PLLC

Oct 2025 – Jun 2026

- Coordinated day-to-day clinic operations for a growing behavioral health practice, managing intake, scheduling, client communication, and referrals so clients could access care without delay.
- Designed and documented core clinic workflows, including intake, onboarding, waitlist management, and referral tracking, to support consistent patient access and continuity of care.
- Verified insurance eligibility and benefits across commercial, Medicaid, and Medicare plans, documented coverage, and managed authorization workflows to keep client access on track.
- Coordinated communication across clinicians, clients, insurance representatives, and external referral partners such as hospitals and schools to support timely care transitions.
- Built SOPs, onboarding, and training programs for a 10+ member remote team, standardizing operations and HIPAA-compliant procedures.
- Maintained confidential client and clinician records in EHR and CRM systems in compliance with HIPAA requirements.

Operations Management Extern | Institute of Mental Health (via Extern)

Feb 2026 – Apr 2026

- Analyzed intake, care coordination, and service-delivery workflows across an acute mental health hospital to identify patient-access gaps and operational friction.
- Applied root cause analysis and structured problem-solving to surface systemic breakdowns, then synthesized findings into reports with evidence-based recommendations for cross-functional teams.

Instructional Associate | General Assembly

Apr 2025 – Oct 2025

- Coordinated scheduling, documentation, communications, and logistics for cohorts of 30+ participants in a fully remote program.
- Tracked participant data, resolved escalations, and managed multiple concurrent workstreams with strong attention to detail and follow-through.

Office Assistant I, Diversity Center | South Puget Sound Community College

Dec 2021 – Oct 2022

- Provided front-desk access, phone coverage, scheduling, and check-in support for a program serving 150+ students.
- Supported the IGNITE retention program and coordinated resources and peer mentoring, helping students navigate complex personal and academic needs with care and confidentiality.

EDUCATION

Bachelor of Science, Healthcare Administration | Western Governors University | *Expected 2028*

Associate of Applied Science, Accounting | South Puget Sound Community College | 2023
